- No flight reservation is required at the time of your appointment; please book your trip only after having received your passport including visa.
- All holders of a national visa are by law required to register with the local registration office within 2 weeks after moving in. Please refer to the requirements on the website of your local registration office for further information.
- A research visa is a national visa which entitles you to enter other countries in the Schengen zone for a stay of up to 90 days within 180 days.
- **Please refrain from inquiries about the state of processing during the regular processing time as the visa section is not able to answer these.**

Researchers are third-country nationals who

1. Hold a doctoral degree or appropriate German or foreign university degree giving access to doctoral programs, AND
2. Have been selected by a research institution and admitted to the territory of a Member State, AND
3. Pursue a research activity for which such a degree is normally required.

This also includes doctoral students who are enrolled at a foreign (e.g. Canadian) university and want to travel to Germany for research.

If you are enrolled at a German university to complete a full-time doctoral study in Germany, please refer to the checklist "Study visa PhD".

If you meet the requirements for the EU Blue Card, you can also apply for the EU Blue Card instead of a research visa. Please refer to the checklist "EU Blue Card".
